cheapest to the most elaborate designs, including

**Monstrances, Chalices,
Ciboriums, Censers, Candle-
Sticks, Candelabra, Etc.**

We are prepared and equipped for the manufacture of brass and bronze *Prie-Dieus*, *Baptismal Fonts*, *Communion Rails*, *Pulpits*, *Chandeliers*, *Candelabra*, *Brackets*, for candles, gas and electric lights.

Designs and Prices on Application

*Repairing, regilding and revarnishing done at
reasonable rates.*

Many users of Church Ornaments are lead to believe that the finest articles cannot be made in this country, but must be imported from Europe. While there are some good, artistic articles imported from Europe, our long experience has shown that more work of inferior quality is sent over; and many imported pieces have been sent to us for repairs or replating before they were fit to be delivered.

The trade would do better to buy from responsible American firms; and at the same time help American Labor and Industry to develop in this particular line.

St. Edward's Church,
Philadelphia, Pa.

We submit these photos of our clay models to display the care we take with draperies and features in work intrusted to us. They are only clay models, however, and their beauty cannot be compared with the beauty of the finished marble statue, into which our artist puts the refining touches that make our productions truly works of art.

Clay model of Statue of
The Sacred Heart of Jesus.
Made by our artists for
Rev. A. D. Hassett,
Immaculate Conception
Church, Bridgeton, N. J.

This cut shows a section of the Main Altar for the Cathedral, Buffalo, New York, as it appears in course of construction in our Studios at Pietrasanta, Italy.

All our work is carefully fitted by expert constructors before it leaves the Studios, making it easy to have everything fit exactly when it arrives at destination.

Bishop Colton, through his Architect, Comm. Aristides Leonori, of Rome, Italy, awarded us the contract for building the seven Altars, Throne, Pulpit, Communion Railing, and two Sarcophagi, for the Buffalo, New York, Cathedral, after a competition which was restricted to Italian studios offering best facilities. We were the only American firm operating our own ecclesiastical marble works in Italy, and it was considered a compliment to the enterprise of our country to be able not only to show a well-equipped and extensive studio in operation, but to be able to do the work at such reasonable prices as to win in the competition.

The above photograph shows for the first time in this country the Coat of Arms of His Holiness Pope Pius the Tenth, as it appears in very large size over the Main Entrance of the new Constantine Basilica in Rome.

We were selected to produce this work by the Architect, and it was sculptured from a fine grade of white Carrara marble, in our Studios at Pietrasanta, Italy. We considered it quite a compliment to the character of our artistic productions to be selected to produce this important work for His Holiness.

Beware of infringements and cheap imitations which are dear at any price.

LIGHTNING PROTECTION

HAS IT ever occurred to you, how frequently Unprotected Church Spires, Chimneys, Grain Elevators and high buildings in general are damaged by lightning; and that such a damage occurring in a church during services often means more than the damage to property?

CONSULT YOUR ARCHITECT, ENGINEER OR INSURANCE COMPANY AND HAVE THEM GET STATISTICS FOR YOU. It will surprise you to see the great loss of life and property through lightning.

UNITED STATES, FRANCE, CANADA, CUBA AND OTHER GOVERNMENTS specify and insist on the Arrow System because it is the **BEST LIGHTNING PROTECTION THAT MONEY CAN BUY.**

Our Lightning Conductor System costs a little more (about 25%) than other cheaper equipments, but we have about Ten Times the materials, workmanship and quality in the Arrow System. Once installed, there is no further expense to the Arrow System. It means that the First cost is the Last Cost.

Churches everywhere are equipped with the Arrow System because it is guaranteed to give absolute protection indefinitely. Don't have inexperienced men equip your buildings when it means that you are protecting **LIFE AND PROPERTY.** That's what you are installing it for—absolute protection. It is just as important to have it done right as it is to do it.

GOVERNMENT AND CITY ENGINEERS specify our system because it is **SCIENTIFICALLY CORRECT — MECHANICALLY PERFECT.**

Our Construction Department is equipped to furnish Steeple Jacks for high work of all descriptions.

Write us for information, or send the dimensions and we will quote you.

THE IDEAL CLEANING SYSTEM FOR CHURCH AND SCHOOL, HOSPITAL AND HOME

MODERN sanitary science demands modern methods of cleaning that will not only remove the coarser dirt but that will also carry away all the tiny particles of microbe-laden dust and even the polluted air that has become charged with the germs from the throats and lungs of many people.

In all parts of the United States and of Canada the great Catholic Churches, Hospitals, Schools, Colleges and Institutions and the representative Catholic homes are being equipped with the

TUEC STATIONARY VACUUM CLEANER

These buildings, a list of which we will gladly furnish on request, are now clean in the strictest sense of the word. They no longer disseminate disease among those who come to them, but they are sweet, pure, wholesome in atmosphere, dustless and germless from cellar to attic.

The TUEC Stationary Vacuum Cleaner not only does the work of cleaning the floors and pews, the upholstery and furnishings, but it enables the janitor to clean the dust from the inaccessible places of the church, beneath the desks and benches of the school, under the beds of the hospital. It makes for good health.

The cost of a TUEC System is moderate. Its operating expense is practically nothing. It lasts forever and does as perfect work after ten years of hard usage as when new. Installations can be made at any time.

Write to-day for list of important Catholic Institutions having TUEC Installation and for testimonials from the Catholic Clergy.

Protect Your Holy Ground

KEEP the resting place of your departed loved ones sacred from intrusion and trespass. Unsightly, tumble-down fences, with rotten posts and broken palings are unworthy of your self-respect and a dishonor to the memory of your dead.

You must keep the fences so that cattle cannot break through to graze on the green grass of the holy place. Keep out the dogs and sheep as well as the thoughtless persons who would gather flowers off the graves. The best and most economical way to accomplish this is by using the beautiful

WARD FENCE

These fences are woven out of the best wire mesh so close and firm that even rabbits cannot get through them. The patterns are exquisite, the materials such as to withstand the wear and tear of years. Ward Fence will look as well after a generation of service as on the day it is erected.

For the driveways we have gates and arches of superb design that give distinction to the appearance of the grounds. Our pickets are of steel, our posts of wrought iron. Ward fence is the ideal fence for cemeteries, institutions and private homes. Over 100 styles to choose from.

In quality and appearance Ward Fence justifies a higher price than other fences. But in fact it is sold direct from the factory to the user for less money and with a money-back guarantee.

Church Furniture and Church Organs

Their related purpose qualifies the master builder of each to work harmoniously with the other,—also, the commercial advantages of this association give wider latitude to the artistic productions of both departments.

In a concern that aims at the highest artistic standard every commercial advantage is transformed into an artistic advantage.

By uniting the commercial interests of the two departments mentioned a decisive business advantage is gained. It results in a greater buying power which alone can secure the choicest materials; it effects economies and reduces sales and overhead costs in a way that makes final price more actually representative of artistic worth and quality.

These two departments, while commercially under one management, *are as distinct in operation as though separated by miles.* But the same artistic ideals permeate both. Both accomplish the high purpose of enhancing the impressiveness of the church service, one through reverence-compelling sanctuary fittings, the other by the indescribably inspiring strains of the majestic pipe organ.

The Church Furniture Department specializes in Sanctuary Fittings and Equipment above all else. It is under the able management and supervision of Mr. EDMOND VERLINDEN, a born artist, raised in the midst of art creations of the great old masters. The Designs of this department, those for selection on hand as well as special drawings made for individual requirements, have been pronounced the finest and most churchly correct extant.

The Pipe Organ Department is under the personal management of Mr. GEORGE WEICKHARDT, a recognized master in the art of organ building. A life-time devoted to the science and improvement of pipe organ construction has made him an authority in this field.

Altar Wines Beyond Doubt

Novitiate of the Sacred Heart

LOS GATOS, CALIFORNIA

(COPY)

The Barnston Tea Company,
6 Barclay Street, New York City.

November 1, 1913.

Dear Mr. Kempf:

Another carload of Altar Wines, consisting of 8,272½ gallons, is on its way to you. It was prepared, as usual, with every possible care and sealed in our presence in the Southern Pacific Depot at Los Gatos. This carload, together with the former consignments, makes a total of 30,813 gallons of Altar Wines sent to you during the past twelve months.

The wines, as usual, are absolutely pure Altar Wines, made by our own brothers for the Holy Sacrifice of the Mass. They have been constantly under our own care and no secular has had access to them. We commit them to your hands in the fullest confidence that you will distribute them to priests for the high purpose for which they were made, in the same absolute purity in which you received them from us.

Hoping that the carload arrives safely, I remain Yours very sincerely,

Jos. M. Piet S.J.

Rector, Sacred Heart Novitiate.

Our celebrated "BESCO" Composition: "BESCO" is the hardest and lightest composition made; it will not crack or burn.

Terra Cotta: Special attention is paid to the shrinkage to which all terra cotta is subject in the burning process. Our models remain perfect both from an artistic and anatomical point.

Wood: From the famous Tyrolean studios.

Italian Marble: From our own studios at Pietrasanta, Italy, under the personal supervision of the world renowned sculptor, Mr. Luca Arrighini.

"BESCO": The only material for low and medium priced furnishings. It is guaranteed not to warp or crack, is absolutely fireproof and allows a rich ornamental effect without increasing the price.

SCAGLIOLA: Our make of Scagliola is the only real rival to the natural marble. It is so close to nature in appearance and lasting qualities, that one cannot distinguish it from the natural product.

Italian Marble: Our creations cannot be surpassed.

Gentlemen:—

I grant you with pleasure the permission you ask for, namely to handle the sacred vessels which may be committed to your care for repairing and restoration. You will have however to ask for a renewal of this permission yearly.*

I furthermore desire to commend you to the reverend clergy who may have work for you to do, and this commendation is given particularly because the members of your firm are practical and respectful Catholics, and it is my opinion that work such as you do should be always in the hands of practical Catholics.

Sincerely yours,

JOHN J. GLENNON, *Archbishop of St. Louis.*

FOR THIRTY YEARS our name has appeared in the Catholic Directory. The announcements each year were links, strong links for a chain, a history of our accomplishment brought by adherence to an aim to excel. The story of the development of the Feeley House is of interest to all the names on record in this book and most of them are on our list as patrons. They have encouraged the building up of an American Institution, a Factory with an efficient corps of skilled designers and workmen devoting their talents to the production of Ecclesiastical Metal Work of a distinctive character. A reference book with selected photo impressions of their work sent on request.

Editorial Notes.

THE LATE APPEARANCE.

The 1914 issue of "The Official Catholic Directory" makes its appearance later than any edition during the past ten years, although the publishers made every effort to have the volume ready early in February. No expense was spared; in fact, more money was spent on the 1914 edition than on any annual in the history of Catholic Directories.

"What is the cause of this delay?" is the question asked hundreds and hundreds of times.

The reason is simply that the diocesan reports did not reach the publishers early enough to permit their timely publication. Everything was done to hurry the statistics and it was not a question of one or two dioceses holding up the Directory, for, as a matter of fact, on Monday, February 2, 1914, the final reports of twenty-four dioceses and archdioceses had not reached the publishers. The final proof sheets for three important archdioceses did not reach the Directory office until February 24, February 27 and March 7, respectively, and, consequently, the book could not appear until six weeks later.

A REMEDY FOR THE FUTURE.

Patrons of the Directory can rest assured, however, that this unusual delay will not occur again. Plans are now under way for a change in the policy of the closing of the forms. Hereafter a certain closing day will be announced, and after that date no reports will be accepted, and in cases where the proof-sheets are not on hand at the given date the publishers will reprint the statistics of the previous year. This step has become absolutely necessary and no exceptions will be made. The patrons of this publication are entitled to an early delivery of the book, and in future the publishers will not wait for those who are late with their reports.

POPULATION FIGURES.

The most important feature of the 1914 volume is the unusually large increase shown in the population figures. According to the statistics there are 16,067,985 Catholics in the United States, showing a gain of 913,827. This remarkable increase is by no means an exaggeration, and is accounted for principally by the complete reports received from the Right Rev. Ruthenian Greek Bishop. For the first time all of the Ruthenian Greek Catholics are included in the census reports.

The population figures printed for the several dioceses are not in any way exaggerated, and at least ten per cent. may be added to the grand total, for in numerous dioceses no allowance is made for "floating population."

Hierarchy of the Catholic Church.

The Catholic Hierarchy, or the governing body of the Catholic Church, consists of His Holiness the Supreme Pontiff, assisted by the Sacred College of Cardinals and by several Sacred Congregations, or permanent ecclesiastical committees, of which the Cardinals are the chief members; by the Patriarchs, Archbishops and Bishops; by the Apostolic Delegates, Vicars and Prefects, and by certain Abbots and other Prelates.

HIS HOLINESS THE POPE

BISHOP OF ROME AND VICAR OF JESUS CHRIST,
SUCCESSOR OF ST. PETER, PRINCE OF THE APOSTLES,
SUPREME PONTIFF OF THE UNIVERSAL CHURCH,
PATRIARCH OF THE WEST, PRIMATE OF ITALY,
ARCHBISHOP AND METROPOLITAN OF THE ROMAN PROVINCE,
SOVEREIGN OF THE TEMPORAL DOMINIONS OF THE HOLY ROMAN CHURCH.

POPE PIUS X.,

JOSEPH SARTO,

SUPREME PONTIFF NOW GLORIOUSLY REIGNING.

The two hundred and fifty-eighth successor of St. Peter, was born at Riese, in the Diocese of Treviso, June 2, 1835; ordained Priest, September 18, 1858; consecrated Bishop of Mantua, November 10, 1884; created and proclaimed Cardinal and Patriarch of Venice, June 15, 1893; elected Pope, August 4, crowned August 9, 1903.

His Holiness retains the Prefectship of the Congregation of the Holy Roman and Universal Inquisition or Holy Office, of the Consistorial Congregation; the Pro-rectorship of the Church and Chapter of SS. Celsus and Julianus, of the whole Order of St. Benedict, of the Order of Friars Minor, of the Archconfraternities of the Via Crucis, of the Lovers of Christ and Mary, of the Sacred Stigmata of St. Francis, of the Order of Preachers.

HIERARCHY OF THE CATHOLIC CHURCH

THE SACRED COLLEGE OF CARDINALS.

The Cardinals, when duly constituted and proclaimed, form the Supreme Council or Senate of the Church. They are advisers of the Supreme Pontiff, and at the death of the Pontiff they elect his successor.

There are three orders of Cardinals, *Cardinal-Bishops*, *Cardinal-Priests*, and *Cardinal-Deacons*; but these orders are distinct from those of the Hierarchy; with very few exceptions the Cardinal Priests are Archbishops or Bishops, and the Cardinal Deacons are generally Priests. The Sacred College of Cardinals, when complete, consists of 70 members—6 Cardinal Bishops, 50 Cardinal Priests and 14 Cardinal Deacons.

The Cardinal Bishops occupy the Suburban Sees of Rome, which are *Ostia and Velletri*, *Porto and Santa Rufina*, *Albano*, *Frascati*, *Palestrina*, *Sabina*. The Cardinal Priests take their title from the "Titular Churches" to which they are appointed, the Cardinal Deacons are appointed to other Churches called "Deaconies." The first Cardinal Bishop is *Dean*; the first Cardinal Priest is *First Priest*; and the first Cardinal Deacon is *First Deacon* of the Sacred College. The Dean has the right of consecrating, and the First Deacon the right of proclaiming and crowning a new Pope. On the death of the Pontiff, the Cardinal *Camerlengo* has the Administration of the affairs of the Holy See.

(The 'creation' of a Cardinal sometimes precedes, even by several years, the 'publication and proclamation.' The Cardinal is then said to be 'reserved *in petto*,' and when proclaimed, he takes the precedence according to date of creation.)

THE CARDINALS OF THE HOLY ROMAN CHURCH.

According to their rank of precedence.

*) The population of the Archdiocese of St. Paul being largely rural, many Congregations cannot easily organize parochial schools; nor in such congregations is there a very special need of parochial schools, as teachers in the State or District Schools usually are Catholics, and due provision is otherwise made for the religious instruction of the pupils.
